**Technology Peer Advisors**

Kait and Kevin are the two latest Tech Peer Advisors for Childrens Services. Tech Peer Advisors are self-selected volunteers who have an interest and enthusiasm for technology. They are available to offer support and advise colleagues about new technology used by HCC through various formats (e.g. 10-minute slots on how to use technology better, lunchtime learning sessions, drop ins, during team meetings, or in any other way that suits the team).

**Data Protection and Recordings**

Please remember that if you are going to record your Teams sessions you need to Issue a Privacy Notice as early as possible before the meeting/call will take place, informing the individuals that they will be recorded. This can be sent in the meeting invite and is required whether it is an internal or external meeting/call.

### **Whiteboard.fi**

Whiteboard.fi is a digital Whiteboard tool from the makers of Kahoot. Some of you are already using it but for those that aren't... 'Everyone will get an individual digital whiteboard, where they can draw, write text, make notations on images, add math equations, and more!

You as a tutor can see all your learners' whiteboards in real time, so you can follow their progress, while the learners only see their own whiteboard and the tutor's.' Visit the webpage for more information at [Whiteboard.fi](http://Whiteboard.fi)
