### Interpreting the results

0 - 2 marks	Suggests learner working at Entry level
3 - 5 marks	Suggests learner working at or above level 1

The Numeracy assessment comprises one section and the level achieved is determined solely on the marks gained. See chart above.

### Recording results on test papers

We have included a space on each test paper where the assessor should tick whether the learner is working at Entry Level or Level 1 in Numeracy. This section should be completed after interpreting the results so that the level the student is working at can be seen at a glance. This section appears at the bottom of page one.

The box to the right of the 'E' should be ticked for students working at Entry Level and the box to the right of '1+' should be ticked for those working at Level 1 or above.
