

# Life Cycles

Add the stages in the life cycle of a bird and an insect with incomplete metamorphosis. Use the Internet and books to help you.  
You can draw and label each stage or write about it.

Bird

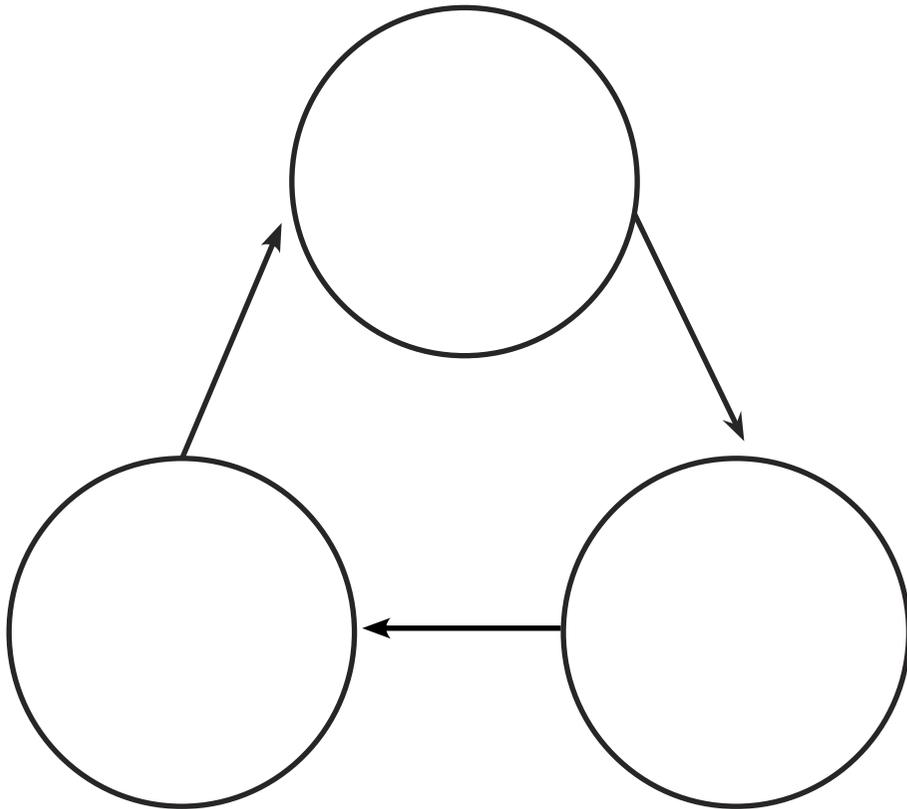

Insect: Incomplete Metamorphosis

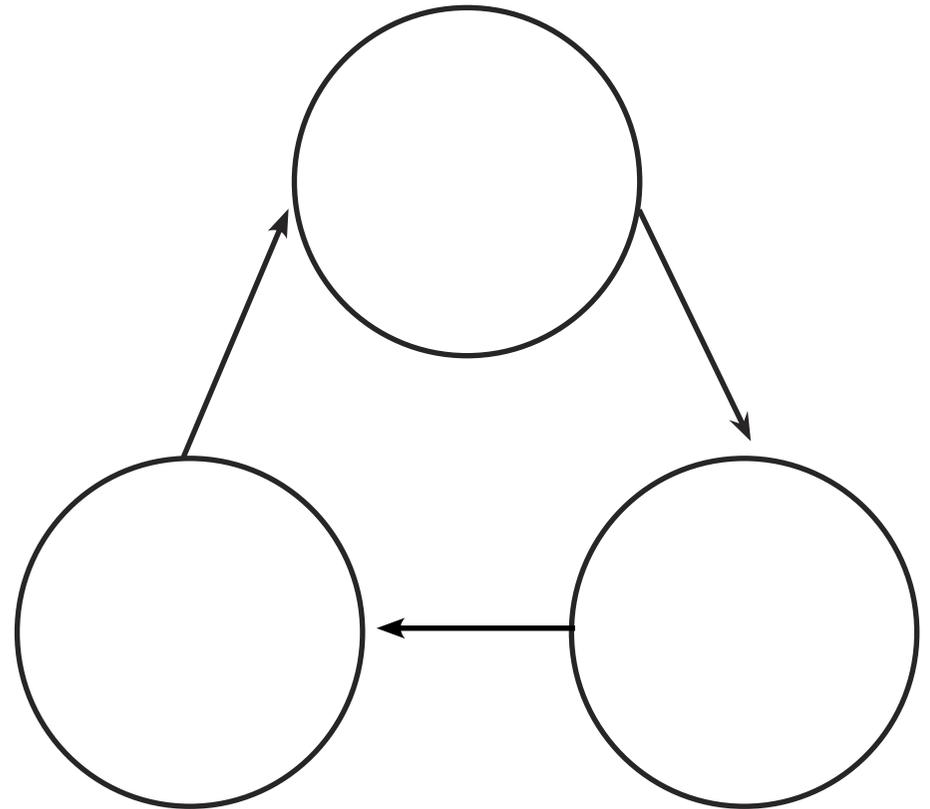

# Life Cycles

Add the stages in the life cycle of a bird, an insect with incomplete metamorphosis, a mammal and an insect with complete metamorphosis. Use the Internet and books to help you. You can draw and label each stage or write about it.

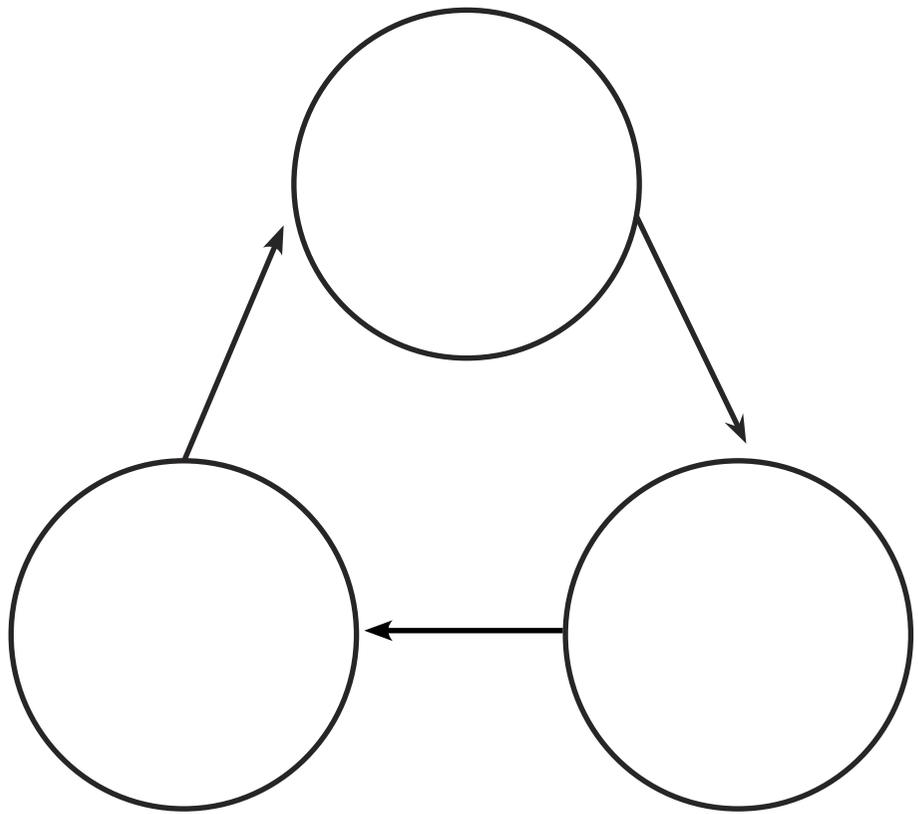

Bird

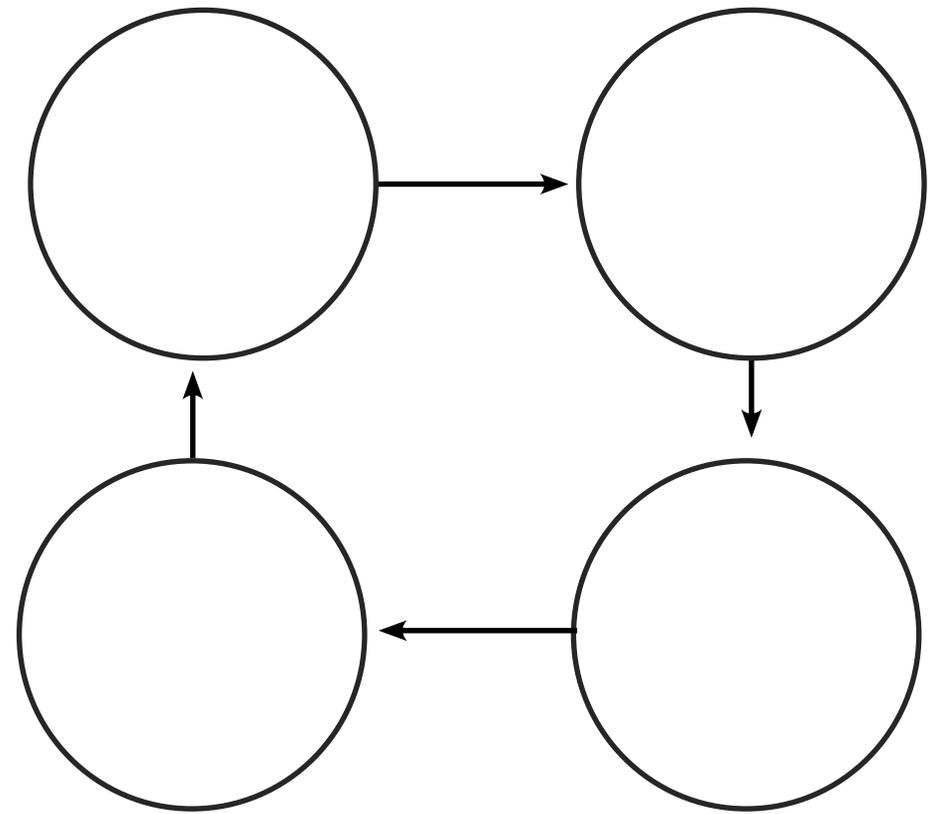

Insect: Incomplete Metamorphosis

Mammal

Insect: Complete Metamorphosis

# Life Cycles

Choose three of the following and draw their life cycles: amphibian, bird, an insect with incomplete metamorphosis, a mammal and an insect with complete metamorphosis. Use the Internet and books to help you. You can draw and label each stage or write about it.
