Please tell us why you think this learner's story, or group of learners' stories is important to share.

We would like to know **what impact** the course had, or what difference it made to them. Please feel free to include any photographs, work products, learner comments etc. below:

This group of learners were complete novices to using laptops and lacked confidence in using digital technology. They reported initially feeling "scared" and "worried" about falling victim to a scam and felt isolated because they were not confident to use the technology. On exit, they reported:

"I came into the course not knowing how to open or even turn on the laptop. Now I can log in, use the internet, do some searches and send emails. I feel so much more confident and would like to do a second part of the course in the next term."

"I have learned so much with Jeanne. She is so patient and so kind and made us all feel so welcome. I would like to do another course with her and I have told all my friends."

"I am 77 and I did not want to come to the course, but my daughter insisted. I am so glad I did. I was worried I would be in my 70s and sitting in a room of 20-year olds, but I found a group of friends who are just like me. I want to keep practising my skills so that I can email my children and be a bit more independent."

If the learner would like to add any additional information, comments or feedback about the **impact** that the course had on them, please use the section below:

Every learner who attended this course expressed a desire to sign up to a second-part of the course once available and requested to be notified once sign up was available.

3 out of 6 learners started meeting for lunch in the library café (charity-run) after each session to socialise and to continue to support one another. They were seen to bring out their personal devices and be asking one another for help. At the last session, a 4<sup>th</sup> learner joined them and they made plans to meet up for a different social activity later that week outside of the library. This course has had tremendous impact on reducing these learner's feelings of isolation, and given them confidence to try new things.

Thank you for completing this Learner Impact Form. If you would prefer to submit an audio recording or video, please contact [adult.learning@hants.gov.uk](mailto:adult.learning@hants.gov.uk).
